MESSAGE FROM ALL OF US

Prof.
HASSAN MAGHRABY
EFRE Honorary President

We promised ourselves to deliver to the middle east and the world, the latest updates, technologies and outbreaks in the world of reproduction and infertility.

And here we are gathering for the fourth year under the roof of EFRE. A collaboration of endless experiences, brainstorming, heated debates all run by eminent world class scientists and practitioners.

Excellence in the world of reproduction and infertility is the destination, setting the road for the middle east and the world is our aim..

"IVF GPS" is how we're heading

I am deeply honored to address such a distinguished gathering, bringing forth the latest updates, novelties, as well as pivotal debates in our rapidly evolving landscape.

I am looking forward to sharing insights on cutting-edge advancements that shape the following day in the field of assisted reproduction. This congress serves as an ideal forum for the exchange of knowledge, fostering collaboration and innovation. Together, we will explore the currents of change, addressing challenges and seizing opportunities.

Let us embark on this intellectual journey, where ideas converge, and transformative discussions take us toward a brighter tomorrow

Prof.
NICHOLAS CHRISTOFORIDIS
Consultant Obstetrician Gynaecologist
Clinical & Scientific Director Embryolab
Fertility Clinic

MESSAGE FROM ALL OF US

Prof.

EMAN ELGINDY

EFRE Board President

EFRE Conference President

Now you have all the right directions, so there's no need to try the wrong ones. We'll be your guide at the IVF GPS Conference, helping you find the best path forward in the field of infertility.

At the fourth conference, you'll discover the IVF roadmap you need to reach your destination.

IVF GPS Conference:

Your Roadmap to IVF Success

It is an honor to be part of this global initiative that aims to unite scientists, under the umbrella of EFRE 2024, from the Middle East and around the world. Join us and engage in transformative discussions and interactions on the best practices in Assisted Reproductive Technology (ART). Prepare for a unique learning experience where knowledge is shared at its best! Save the date on your calendar and ensure your participation in this extraordinary event. Let's shape a brighter future of ART together!

Mrs.

ALEXIA CHATZIPARASIDOU

Director of Embryolab Academy,
Co-Founder and Board Member of
Embryolab Fertility Clinic

MESSAGE FROM ALL OF US

Prof.
SALAH RASHEED

EFRE Executive President
Conference General Secretary

Knowledge is limitless

we constantly aim to increase it to perform at the highest caliber possible. The basis of professionalism is knowledge. Additionally, students can advance more quickly and flawlessly to a greater level of professionalism when they engage with seasoned professionals. We will offer a clear map of the IVF road and its trends at our fourth EFRE conference, which will be led by eminent professors from around the globe.

*Greetings from
the IVF GPS Conference.*

I am honored to embrace the spirit of collaboration and innovation as we share insights, research findings, and foster discussions that will shape the future of assisted reproductive techniques, with a special emphasis on the transformative realm of IVF. Welcome to 4th EFRE!"

Prof.
PANAGIOTIS DRAKOPOULOS

Embryolab Fertility Clinic,
Thessaloniki, Greece

MESSAGE FROM ALL OF US

It is with great pleasure and anticipation that I welcome you to the upcoming scientific meeting organized by the EFRE and Embryolab Academy. We are thrilled to host this gathering of brilliant minds and dedicated professionals who share a common passion for advancing knowledge and innovation in the ART field. Let's make this event a catalyst for inspiration, networking, and shared discoveries. See you there!
